

New Company Start-Ups

Make contact with new businesses at the very earliest opportunity.

The directors of newly formed companies are likely to have a need for a wide range of support services, developing a relationship now can often lead to a long-term business partnership.

The register of new companies

This monthly service provides the company name and registered office address of all new companies formed in given postcode areas. The data is supplied electronically in excel format. Ready made/shelf companies are withheld until they have been bought from the company formation agent and moved into the marketplace. Prices start from 0.25p per record or we can quote annual subscriptions for given postcode areas.

The new company information service

Our more detailed service provides the company name, registered number, registered office address, directors name and date of incorporation.

Data is supplied in excel format and is emailed either as a one off list or on a weekly/monthly basis. Prices start from £1.00+VAT per record, with substantial volume discounts available.

Regional new company formation trends
