Which package is right for me or my client?

	Jordans company formation	Jordans business start-up	Jordans business start-up + directors' compliance	Jordans business start- up + directors' compliance plus
	Perfect if all you want is a company and are confident that you will need no additional support services.	We will get the company's statutory compliance off to good start and help with the first board minute documentation.	Our experts will ensure that your company is compliant with current legislation.	As well as ensuring that the company's statutory compliance is met, we will also act as company secretary for you.
